4 December 2008

Dear Friends

Thank you, on behalf of everyone at Katharine House, for the wonderful donation of £709.00, raised at the Westminster Group's 10<sup>th</sup> Annual Bonfire & Fireworks party. This is so very much appreciated and your receipt is enclosed.

Please be assured that this contribution will be wisely used in the ongoing provision of care and comfort for our patients and their families here at the Hospice.

Works are progressing well to completely refurbish the existing Day Hospice, which was the first part of the Hospice to be opened in 1991. The plans include building a bright new garden room to replace the existing day room and conservatory. In addition, work is to be undertaken to move inpatient admissions directly to the inpatient area and away from the main reception area. Funding has been made available by the Department of Health under a scheme to improve the care of elderly patients in hospices but additional finances will be required to purchase furnishings and fittings. This will be our main fundraising project in the coming months.

With kind regards and our grateful thanks to everyone involved for this continued and much valued support.

Yours sincerely

Sheila Norton (Mrs)  
Fundraising Administrator
